

Going Big with GLYSANTIN®

GLYSANTIN® G64® Concentrate

- Organic acid technology with silicates and phosphates (PSi-OAT)
- Offers excellent protection from corrosion and a long service life
- Colored green

GLYSANTIN® G05® Concentrate

- Hybrid technology with nitrite
- Especially suitable to protect heavy duty applications
- Colored yellow

Approved Engine Coolant for Heavy-Duty Applications

When it comes to getting the big jobs done, GLYSANTIN® is the engine coolant of choice. Because: even under highest thermal loading it provides excellent long-life performance and sustainable protection against cavitation for heavy-duty vehicles.

With this unique value proposition, the product holds the official approvals of reputable heavy-duty engine and vehicle manufacturers. Good to know for operators of heavy-duty vehicles that perform their job on and off the road every day.

Official GLYSANTIN® G64® heavy-duty approvals:

- Deutz
- Deutz-Fahr (Tractors)
- Hürlimann (Tractors)
- Lamborghini-Trattori (Tractors)
- SAME (Tractors & Engines)

Official GLYSANTIN® G05® heavy-duty approvals:

- Deutz-Fahr
- Huerlimann
- John Deere (JDM H24)
- Lamborghini-Tractors
- Same

GLYSANTIN® G64® is also recommended for:

- John Deere
- Perkins

GLYSANTIN® G05® and GLYSANTIN® G64® both fully comply with ASTM D6210.

GLYSANTIN® - The premium engine coolant for your vehicle!

GLYSANTIN® is much more than just an antifreeze. The premium engine coolant from BASF provides threefold protection from corrosion, overheating and frost. GLYSANTIN® ensures that your cooling system works perfectly all year round.
